

Denouncing War criminal Meles Zenawi of Ethiopia at G8 Summit

War criminal in G8 summit, Be Aware!!!!!!!

Dictator Meles Zenawi and his tyrant regime in Ethiopia is condemned for committing genocide, war crimes, crimes against humanity, gross human rights violations against his own people.

Atrocities committed by the dictator Meles against Ogaden, Oromo, Gambella, Afar and others are well documented and reported by many International humanitarian organization, such as **Amnesty International, Human Rights Watch** and others like **Genocide Watch**.

This tyrant - Meles Zenawi - is considered to be among the World's worst tyrants, and in fact he was accused of **genocide**. A genocide emergency has already been declared in Ethiopia and consequently, the UN Security Council has been called upon to refer the condition in Ethiopia to the international Criminal Court for prosecution of Ethiopia's crimes against humanity.

Despite reports of human rights violations in Ethiopia by Amnesty International, Human Rights Watch and even US State Department, this tyrant is still invited to rub shoulders with G8 leaders, and International donor assistance continues to pour into Ethiopia, which is one of the world's largest recipients of aid.

We are outraged by the actions of G8 leader and their policies of supporting dictatorship in Ethiopia and we strongly denounce funding tyrant Meles Zenawi of Ethiopia with taxpayer Dollars.

For the oppressed, only as a united community with united voice can we stand against the dictatorial regime of Meles Zenawi, so let's come together and stay united.

I thank you for your attention and your comments are welcome.
